

LANDSCAPE LARGER FORMAT STAND

MSS-6598-01

Supports up to 150kg
Suitable for most displays - 65" to 98"

PLEASE CHECK THE WEIGHT CAPACITY AND
VESA IS COMPATIBLE WITH YOUR DISPLAY

Vertical screen height adjustment
Adjustable screen height sliding along the aluminium alloy main post from 55" to 67" so you can set your preferred viewing level.

Height adjustable AV shelf
This metal shelf holds AV components and accessories up to 25lbs (11.4kg). Adjust to the required height vertically along the main post.

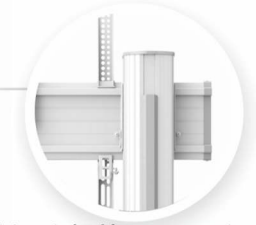

Swivable caster brake wheels
With 4" swivel caster brake wheels move your screen into the position you need with ease.

High tensile heavy gauge material is used for better support, stability and rigidity.

Height adjustable video tray
Steel video tray holds components up to 10lbs (4.5kg). Adjust vertically within the slot length for the perfect video conferencing position.

Integrated cable management system
Integrated channels within the column provide safe, accessible and flexible cable management to either side of the screen.

Double Posts design
Two solid extrusion aluminium alloy columns provide stable and rigid support for your screen.
