

# All-in-One iDeskPro PC with Visitor Management System

Manage who is in your building with an affordable simple to use, quick touchscreen sign-in system.

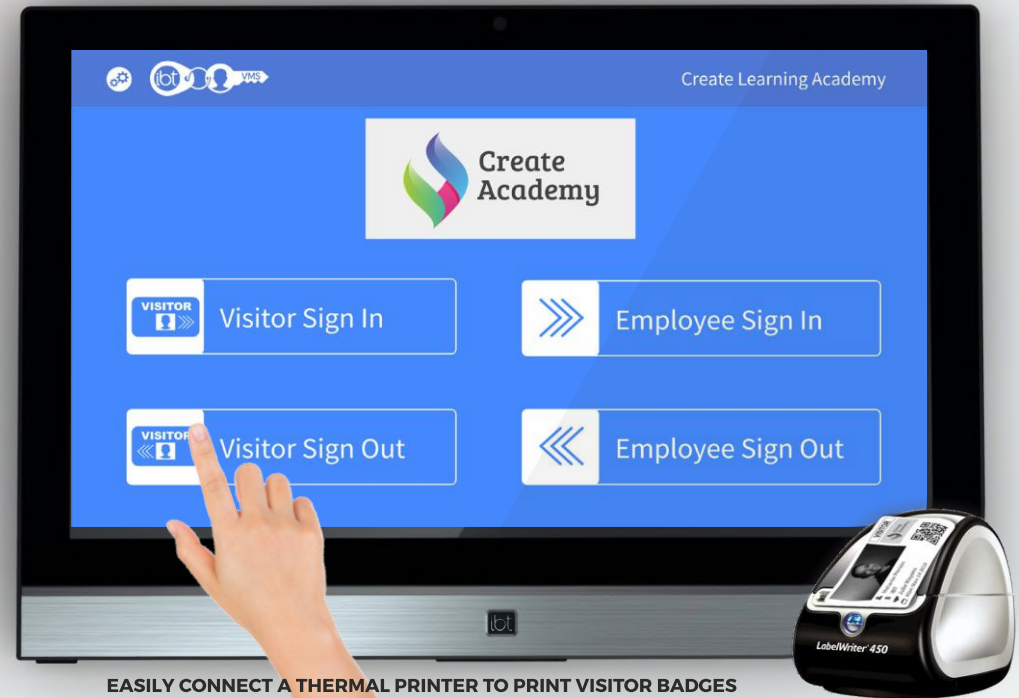

Keep a record of visitors and staff. Staff simply scan their pre-issued cards in and out. Visitors register using the touchscreen and the integrated webcam takes instant ID photos, badges can be printed off in seconds.

The modern professional 21" Windows PC touchscreen comes with iBT's Visitor Management software and can be wall mounted, used free standing or mounted on a desk mount with a flexible arm to allow users of different heights to reach easily.

Admin users can log in to issue lost badges and see who is still in the building in the event of an emergency. Easily upload your logo and organisation name to the home screen to give your visitors a professional welcome.

The on/off button is located very discreetly to the side of the screen so that the system cannot be switched off accidentally by users.

EASILY CONNECT A THERMAL PRINTER TO PRINT VISITOR BADGES

## FLEXIBILITY

The iDeskPro also has a rechargeable battery so that it can be used wirelessly.
