INTEGRATED CABLE MANAGEMENT

Cable tangles avoided, the power cable runs neatly and unobtrusively down the inside of the touchtable leg.

USER TOUCH BUTTONS

Navigate the Android and Windows environment using the conveniently placed Menu and Back buttons.

GETTING STARTED

1

Use iFlipChart the Android sketching and annotation app

so you can start white-boarding straight away. iFlipChart is very easy to use and great for drawing, notes, brain-storming, mood boards, collages and more.

2

Use the touch interface to access your Windows

software, included the Windows based Nuc software included for innovative interactive digital whiteboarding. Learn more about Nuc on page 4.

3

Use MHL or Miracast to cast content from other devices in the room wirelessly. You can also send files wirelessly using the integrated bluetooth functionality.

Nuc provides you with an infinite digital whiteboard page. No need to limit your ideas, move around the page easily adding images, video, audio, text, written notes and use the innovative mini apps to enhance your content.

With lots of pens, lines, shapes, fills, page backgrounds and whiteboarding tools, the UI has been designed to make it intuitive for users to get working quickly and also includes handwriting and shape recognition.

MULTI-FORMAT FILE SUPPORT

Walk into a room with an interactive touchscreen with Nuc installed and you don't have to worry if there's Microsoft Office installed - Nuc can import Word, PowerPoint, Excel, and PDF content without having the original software installed, so you can share and annotate on your work easily.

CLIPART BANK

Nuc also includes a clipart bank: from post-it notes, speech bubbles and emoji stickers to currency, periodic tables, food, flags and more.

DESKTOP MODE

Want to work outside of the Nuc Whiteboard page but still have access to tools? In Desktop Mode you still have access to Nuc annotation tools along with the screen recorder, screen capture and Maths tools. Annotate onto any absolutely any file type, video, websites and save your work.

MINI APPS

Nuc also includes innovative Mini Apps that can help you to enhance your delivery and engage your audience. Here are a few of our favourites:
